Present Professional Education

I have completed and received certification from the full-stack (i.e., front-end and back-end technologies) computer coding “bootcamp” through the University of Pennsylvania and Trilogy Educational Services. I graduated on August 8, 2020. Consequently, I plan to pursue a career in this field as a front-end or back-end developer, ideally working for a company that is teamwork/collaboration-oriented. Please see what applicable technologies I’ve learned below in the Education and Skills and Hobbies sections.

Computer Languages and Skills

HTML, CSS (and various CSS frameworks like Bootstrap, Bulma, Materialize, etc.), JavaScript, jQuery, API client-side server calls (AJAX), HTTP calls, JSON, Node.JS and NPM packages, MySql/Sequelize, Mongo/Mongoose, ReactJS, GIT, Github, CLI
